STAND AREA, FASCIAS and SIGNS

Please remember that all your products, chairs, etc, must remain within your stand area for the duration of the show.

There must be no items/products or signs/name-boards on the fascias of any sort, other than official ICHF name-boards; also no 'Sale' or 'Discounted' signs (including handwritten ones) should be used. Printed 'Show Offer' is permitted.

The above points are to keep our exhibitions looking neat, tidy and of a 'quality' presentation.

Balloons above the top of the stands are not recommended and are subject to removal at ICHF's discretion (also note that if they go to the ceiling the venues often charge for their removal, which charge would be passed on to the exhibitor).

Support Walling and Safety Statement

The stands are temporary structures and therefore limited in their stability. For safety please bear in mind the following:

- (i) Any stand over 4m in length may require additional support panels. These are inserted at the sole discretion of the stand contractor.
- (ii) The walls are not designed for the hanging of large quantities of products. You should have self-supporting units.

HEALTH AND SAFETY

BUILD-UP HEALTH & SAFETY

Please note that no under 16s are allowed in the exhibition hall during build-up and breakdown. This is a requirement of the venue's Health & Safety policy .

RISK ASSESSMENT

An exhibition stand is a workplace covered by health and safety legislation. As the exhibitor, it is your responsibility to ensure a suitable and sufficient risk assessment is completed. Failure to do so could lead to delays or ultimately the closure of your stand.

You **must** complete a Risk Assessment form and return it to us before build up commences, to operations@ichf.co.uk or post to the address below.

HIGH VIS

It is now a requirement for all exhibitors to wear high vis jackets throughout build-up and breakdown. A limited supply will be available in the organisers office to purchase.

SITE INDUCTION

Exhibitors will be required to sign a site induction form on arrival to the venue, to confirm you will comply with the health and safety rules onsite. A copy of the form can be found on the exhibitor's zone.

STAND GUIDELINES

Please be aware that you must set-up all products within your stand. It is potentially a major health and safety risk if you fail to do so. You may be asked to re-design your stand layout if this is the case.

Important note: Your stand is a temporary structure and therefore have a weight restriction, please ensure you do not hang any objects on the fascia or lean anything against the wall panels. Shelving units also need to be free standing. Please contact operations@ichf.co.uk if you have any queries.

USE OF LITHIUM BATTERIES

For safety reasons, the use of battery packs to provide mains power to lighting, tills etc, is strictly prohibited within the exhibition halls. Lithium batteries present a significant fire and explosion risk if damaged, improperly handled, or exposed to heat.

COMPLIANCE AND ENFORCEMENT

Exhibitors found to be in breach of this regulation may be required to immediately remove the offending items from the premises and may face suspension of stand activity until compliance is achieved. Continued non-compliance may result in expulsion from the event without refund or compensation. ICHF Events reserves the right to inspect exhibits and enforce this policy at any time in the interest of maintaining a safe environment for all participants.
