HEALTH AND SAFETY

Build-Up Health & Safety

Please note that no under 16s are allowed in the exhibition hall during build-up and breakdown. This is a requirement of the venue's Health & Safety policy.

RISK ASSESSMENT

An exhibition stand is a workplace covered by health and safety legislation. As the exhibitor, it is your responsibility to ensure a suitable and sufficient risk assessment is completed. Failure to do so could lead to delays or ultimately the closure of your stand.

You **must** complete a Risk Assessment form and return it to us before build up commences, to operations@ichf.co.uk or post to the address below.

HIGH VIS

It is now a requirement for all exhibitors to wear high vis jackets throughout build-up and breakdown. A limited supply will be available in the organisers office to purchase.

SITE INDUCTION

Exhibitors will be required to sign a site induction form on arrival to the venue, to confirm you will comply with the health and safety rules onsite. A copy of the form can be found on the exhibitor's zone.

STAND GUIDELINES

Please be aware that you must set-up all products within your stand. It is potentially a major health and safety risk if you fail to do so. You may be asked to re-design your stand layout if this is the case.

Important note: Your stand is a temporary structure and therefore have a weight restriction, please ensure you do not hang any objects on the fascia or lean anything against the wall panels. Shelving units also need to be free standing. Please contact operations@ichf.co.uk if you have any queries.
